From start to finish: The dunk tank how to's!

Event types:

Company picnic- Dunk the boss or manager

School- Dunk the principal or teacher

Fundraiser-Dunk the celebrity

Booking:

Please call or email us letting us know what dates you would like the dunk tank. From there we can set up the times you would like to have the dunk tank dropped off and picked up.

Pickup/Delivery:

You can come pick up the dunk tank if you wish. A 2 inch ball is needed.

When we deliver the dunk tank, someone must be present to sign for it. It is your responsibility to ensure the safety of your guests.

The dunk tank needs to be set on a flat, level surface, preferably in grass and in the sunlight to keep the water warm.

The dunk tank can be filled by either a garden hose or a fire truck or water truck. If you choose the garden hose, please note that it could take up to 1.5 hours to fill it. A water truck can do it in about 10 minutes but you will be charged around \$90.
